Freeman on Ford's Pool as a Back Drop

For their special occasion the debutantes and their partners chose the shimmering pool of *Freeman on Ford* to provide the stunning back drop for their photographs.

New Logo and New Web site for *Freeman on Ford*

Our new logo and branding have taken a long time to develop. The new website is certainly innovative as it is the first website, on the Beechworth site, which incorporates film and music. Please visit our website to listen to the old world classical music and view the delightful photography. Be intoxicated by the spinning chandelier and its crystal imagery. Much thought and effort went into designing both the logo and website. Even the wallpaper behind the logo is approximately 100 years old.

The logo of a chandelier, was carefully chosen to represent both the old Victorian rooms and the new development. It represents quality and beauty - both synonymous with *Freeman on Ford*. *Freeman on Ford* has been open for ten years now. We look forward to past guests experiencing the new pool, rooms, undercover parking, new second lounge room and extended dining room. The second lounge and the Chambers can now be booked for small gatherings such as meetings and weddings.
